DETAILED ACTION

Election/Restrictions

1. This application is in condition for allowance except for the presence of claim 11 to an invention non-elected without traverse. Accordingly, claim 11 has been cancelled.

Allowable Subject Matter

2. Claims 1-10 are allowed.

3. The following is an examiner's statement of reasons for allowance: The prior art fails to disclose the device structure as recited in claims 1 and 2. Specifically, the references of record do not disclose or can not be combined to yield an LCD with a smectic liquid crystal and a multiple wall structures interposed between two substrates such that there exists a relation between the volume change of the liquid crystal and the change in height of the wall structure expressed as $\Delta L (\text{wall structure}) \supseteq \Delta L (\text{liquid crystal})$ so as to prevent void formation due to the phase change of smectic liquid crystal. For these reasons claims 1 and 2 are deemed to be allowable over prior art and claims 3-10 are allowable by dependancy.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to A. Sefer whose telephone number is (571) 272-1921.
